Community Action of Orleans and Genesee

Our mission:: To provide services, with dignity and respect, that help people become self-sufficient

Hello Team:

Since I have joined the agency, I have spoken quite a bit about the Social Determinants of Health (SDOH). This is the work that community based organizations (CBOs), like us, do to promote health and wellness. This focus on health and wellness, in programs like our Axis of Care program, helped to position us for something called the Medicaid 1115 waiver that has been talked about for quite some time. On January 9th, I was surprised to learn that this waiver was finally passed! So, what does this mean for us?

First, the term SDOH has been updated to HRSN or Health Related Social Needs. This was done to better define the services that are specific to health outcomes. Examples are the availability of healthy food, having shelter, and having access to hygiene items. Services that provide these things are an important part of overall health care but traditionally, insurance payers do not reimburse for these services. The idea behind the waiver is that for Medicaid customers, CBOs get to claim a share of these payments. It is still very early in the program so there are many unknowns. Fortunately, I sit on the board of the Finger Lakes Performing Provider System which has been heavily involved in this waiver. This will be very helpful in us keeping our finger on the pulse of this program.

For now, here is a summary of what the New York Medicaid 1115 waiver means for CBOs:

Waiver period: April 2024 – March 31, 2027 Amount approved: \$6.7 Billion.

NYS will use this Waiver to: * Advance health equity * Reduce health disparities * Support the delivery of health-related social needs * Promote workforce development

- Investments in HRSNs via greater integration between primary care providers and community-based organizations with a goal of improved quality and health outcomes.
- Improve quality and outcomes of enrollees in geographic areas that have a longstanding history of health disparities and disengagement from the health system, including through an incentive program for safety net providers with exceptional exposure to enrollees with historically worse health outcomes and HRSN challenges.
- Focus on integrated primary care, behavioral health, and HRSN with a goal to improve population health and health equity outcomes for high-risk enrollees including kids/youth, pregnant and postpartum individuals, the chronically homeless, and individuals with substance use disorder.
- Workforce investments with a goal of equitable and sustainable access to care in Medicaid; and
- Developing regionally focused approaches, including new value-based payment programs, with a goal of statewide accountability for improving health, outcomes, and equity. www.fingerlakes1115waiver.org

I will keep you posted with developments and how this will impact our agency and the communities that we assist.

Be Part of the Solution!

Renée

Community Action
of
Orleans & Genesee

EMPLOYEE OF THE MONTH **Tami Slingerland**

Tami has been in the classroom, overall, for over nine years. She is very dedicated to the program and the families.

Tami returned to Head Start last year in the absence of a lead Teacher, she not only stepped up into that role, but also took on the responsibility of the site (part of Lead Teacher in single-site classrooms). She has spent a good amount of time carefully going through everything in the classroom and organizing it. She cleaned things out, made it all "make sense".

She goes above and beyond in her role as a teacher, helping out where ever is needed, often reaching out to see how she can help. Tami is never seen sitting around, she is always looking for something to help out with. She often gives words of encouragement to other staff (including leadership) and tells them she appreciates them.

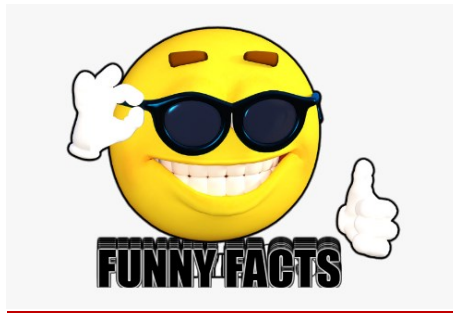

She is always looking to learn new things and always completes tasks if/when asked in a timely manner (many times, without even being asked). Tami is very dedicated, she has never called in. When she has had to make appointments during her work day, it is always after the children leave and she generally will make the time up she missed. She is very thorough in ALL that she does. She is supportive to her team and is an overall asset to the program.

We were all sorry to see her leave previously and so Glad she has returned to our Team and Agency.

February 2024

FUN FACTS ABOUT OUR COMMUNITIES

1. Orleans County was founded in 1824: Before Orleans County was established, the territory was part of Genesee County. In January 1824, the New York State Legislature created Orleans County, which was named after the French city of Orleans.
2. Genesee County was founded in 1802 and was named after the Genesee River, which flows through the county and into Lake Ontario. The river played a significant role in the county's development, facilitating transportation and providing power for mills and factories.
3. Orleans County played an important role in the War of 1812: The War of 1812 was a conflict between the United States and Great Britain that took place from 1812 to 1815. Orleans County was the site of several notable battles, including the Battle of the Twelve Mile Creek, which took place in June 1813.
4. Genesee County is home to the oldest county fair in New York State, the Genesee County Fair, which has been held annually since 1841. The fair features a variety of agricultural exhibits, musical performances, carnival rides, and food vendors.
5. Genesee County's agricultural heritage is still alive and well today, with dairy farming, apple orchards, and vineyards among the county's top agricultural products. Genesee County is known for its high-quality dairy products, including cheese made by the Yancey's Fancy cheese company, which has won numerous awards and accolades for its cheeses.
6. Orleans County is known for its apple orchards: Orleans County is famous for its apple orchards, which produce some of the best apples in the country. The region is home to over 10,000 acres of apple orchards and has been called the "Apple Capital of the World."

WELCOME to our new Intern, Jake Lawlor!

Hello,

My name is Jake Lawlor and I will be the new Marketing and Social Media Intern! I am a senior studying Interaction Design at SUNY Oswego. I found out about Community Action of Orleans & Genesee, and Bonnie Malakie, through my mom who also works at a non-profit organization, DePaul. I will be working with the directors' team, developing our website to provide important information in a more clear and user-friendly way. I will also be helping with our social media and communication. I am excited to be apart of the team and I am looking forward to interning here.

Jake

From: Bonnie Malakie

Jake began with us on January 23rd and will be here through April. His Internship is 2 days per week (generally Tuesday and Thursday). He is set-up in the Head Start Admin offices and will soon be visiting all the sites/programs. We are teaching him about non-profits, systems and marketing needs and he will help us let others know about the important services we provide! We look forward to a productive partnership with Jake as he finishes his 4 years of college. It's a privilege to have Jake be a part of our agency!

CODE BLUE

Genesee County Procedures

Former Governor Andrew Cuomo issued Executive Order 151 in 2016 which enacted Code Blue policies. These policies provide guidance to ensure that all homeless individuals in NY have shelter when the temperature is **32 DEGREES OR BELOW** – including windchill.

Every county has an individual Code Blue Plan. Per Genesee County's plan, placements are done through DSS. Please note that this does not eliminate the screening process DSS uses to determine the availability of other resources to meet the individual's needs.

During business hours

Department of Social Services
5130 East Main St.
Batavia, NY 14020
(585)344-2580

After hours

Sheriff's Office
(585)343-5000

- During business hours, 9-4 Monday-Friday, individuals can go to the Salvation Army to get out of the cold. The office may occasionally close early on Thursdays.
- During Code Blue, law enforcement will approach individuals appearing to be homeless after hours and offer a referral for shelter. If the individual accepts, Sheriff's Office will contact the DSS on-call worker.
- If an individual refuses shelter assistance during Code Blue and MH concerns are present, call Care + Crisis Helpline at 585-283-5200 and ask to speak to Genesee County on-call MH worker.
- After business hours, Sheriff's office to transport client(s) to housing placement if needed.

Updated 1/2024

ORLEANS COUNTY WARMING CENTER

What to do when it's **CODE BLUE**

BELOW

32°F

If you need a warm place to stay, Oak Orchard Community Health, Orleans County and their Community Partners have a warm place to stay for you.

Attention Genesee County Residents:

Genesee County is updating its Housing Needs Assessment and Market Analysis to help housing providers, housing developers, municipalities, Genesee County agencies, and not-for-profit organizations to better understand the existing and future housing market and the needs of residents.

As part of the study process, we are seeking to gather widespread public input from county residents about their housing experience through a [Housing Survey](https://www.co.genesee.ny.us/departments/planning/Housing_Needs_Assessment.php) (https://www.co.genesee.ny.us/departments/planning/Housing_Needs_Assessment.php). The survey collects information about residents' current housing situations and future plans to assist us with understanding the county's diverse and complex housing market. The more responses received, the more accurate the representation of the housing needs will be. Please take a few minutes to complete the survey and feel free to share the link with friends, relatives, and colleagues via your mailing list and social media platforms. The survey is anonymous, and all responses are confidential.

On behalf of the Genesee County, thank you in advance for your support and participation!

Alishia Foss competed in a DNA/RIOT Championship softball tournament on January 20-21, 2024 in Largo, Florida. Alishia was invited to this tournament by winning a softball tournament in Niagara Falls, NY in the Fall.

Alishia's team went 7-0 all weekend while playing. This tournament was a co-ed tournament made of men and women. Alishia played right field both days. There was no hit ball that passed Alishia while she was playing. In the championship game, Alishia caught three balls hit hard way out in the outfield. While up to bat for her team, Alishia got multiple hits that contributed to the team winning.

Alishia was voted by her team and the tournament for all Female MVP from the whole tournament. Only one female received this award. Alishia won a championship ring, two new bats (1 for being MVP and 1 for winning the tournament), a championship shirt and lots of memories.

Alishia Foss is
Child Care Resource and Referral 's
Child Care Specialist/Trainer
