Community Action of Orleans and Genesee

Our mission:: To provide services, with dignity and respect, that help people become self-sufficient

Hello Team:

I hope everyone has enjoyed a happy Labor Day holiday with friends and family. Soon the sounds of children will return to our classrooms and before you know it, the leaves will be falling and we will be trading in our flowers and vegetables gardens for pumpkins, cornstalks, and spooky decorations.

Speaking of decorations, work has begun on the mural on our Main Street Corner Thrifts, Gifts, and More store. Artist David Burke has been commissioned to paint a community themed mural on the south wall. This project is made possible with funds from the Statewide Community Regrant Program, a regrant program of the New York State Council on the Arts with the support of the office of the Governor and the New York State Legislature and administered by GO ART! This has been on my wish list since I joined the agency so I am very excited to see the finished project. Many thanks to the Village of Albion for approving the project. Stop by and take a look and be sure to take advantage of your employee discount at the store.

Thank you for being part of the Community Action Family.

Be Part of the Solution!

Dear Community Action Team,

After 29 years, the time has come for me to bid farewell to Community Action & my Weatherization Team on August 30th. (as you have already seen from Sosh's email & the posting in the newsletter) I feel such a connection with this agency and so many of you have been a significant part of my day here, so I didn't want to leave without saying an official *arrivederci*...

Throughout these years, I have had the privilege of working alongside some of the most talented and dedicated professional group of people. The Weatherization Team has grown, evolved, learned & taught each other, working side by side to get the job done. Together, we have tackled challenges, celebrated successes, and forged lasting friendships. The memories we have created together will forever hold a special place in my heart.

I want to express my deepest gratitude to each of you for your support, guidance, and camaraderie over the years. This agencies commitment to excellence and teamwork has inspired me every day. It has been an honor to be part of this agency, contributing to our collective mission and vision.

As I embark on a new chapter in my life, I leave with a sense of fulfillment and pride in what we have achieved together. While I will miss our daily interactions and shared experiences, I am excited about the opportunities & adventures that lie ahead for me, my husband & our German Shepard, Dakota! 😊

Thank you once again for making these 29 years at Community Action truly memorable. You have all made a lasting impact on my life, and for that, I am forever grateful.

Warm regards,

Cathy Brien

Weatherization Operations Assistant

Friends ... It has been quite the ride these past 37 years with the ACT Program, with the last 28 years of them being with Community Action of Orleans & Genesee. I would like to thank management and the Board, for the opportunity to be a part of a wonderful team of individuals over so many years. I have met so many outstanding people, I have learned so many valuable lessons, I just hope that I've made a difference in some of those lives that I have touched.

I truly have enjoyed the days that I've spent *Helping Youth ACT Responsibly*, who else can say they spent the last 37 years talking about sex almost daily. I really do need to write that book!

I wish the Agency and ACT Program continued success for many years to come – Thanks for everything - Retirement here I come!

Action Steps to Help Someone Having Thoughts of Suicide

We can all take steps to help prevent suicide. Knowing the warning signs for suicide and how to get help can save lives.

Here are 5 steps you can take to #BeThe1To help someone who is having thoughts of suicide:

1. ASK:

“Are you thinking about suicide?” It’s not an easy question to ask, but it can help start a conversation. Studies show that asking people if they are suicidal does not increase suicidal behavior or thoughts.

2. BE THERE:

Listening without judgment is key to learning what the person is thinking and feeling. Research suggests acknowledging and talking about suicide may reduce suicidal thoughts.

3. HELP KEEP THEM SAFE:

Reducing access to highly lethal items or places can help prevent suicide. Asking the person if they have a plan and making lethal means less available or less deadly can help the person stay safe when suicidal thoughts arise.

4. HELP THEM CONNECT:

Connecting the person with the 988 Suicide & Crisis Lifeline (call or text 988) and other community resources can give them a safety net when they need it. You can also help them reach out to a trusted family member, friend, spiritual advisor, or mental health professional.

5. FOLLOW UP:

Staying in touch with the person after they have experienced a crisis or been discharged from care can make a difference. Studies show that supportive, ongoing contact can play an important role in suicide prevention.
